

PATRICK WILLIAM HUNT (WILL)

pw.hunt11@gmail.com | (206) 471-1231 | www.linkedin.com/in/william-hunt-7895a3212

EDUCATION

UNIVERSITY OF WASHINGTON | B.S. Computer Science | Exp. June 2026 | 3.56 GPA

Completed Relevant Coursework: Machine Learning, Data Structures, OOP, Matrix Algebra, Data Management, Foundations of Computing I & II (Probability), Software Tools, Intro to AI, Computational Biology

Upcoming Courses: Algorithms, Data Visualization, Natural Language Processing, Database Internals, Computer Security, Software Engineering, HCI: User Interfacing

TECHNICAL SKILLS

Programming Languages: Frameworks & Libraries: React, React Native, Express, Pandas, NumPy, Scikit-learn, matplotlib

Web Technologies & Query Languages: HTML, CSS, SQL, GraphQL

Tools: Figma, Git, LaTeX, Photoshop, Firebase, Shopify

WORK EXPERIENCE

REV DELIVERY

Software Engineer (March 2024 - September 2024)

- Developer of a React Native TS mobile app for a high-growth delivery startup, collaborating with 2 co-founders and a designer
- Grew app from 0 to 5,000+ users, now handling 6,000 orders per month
- Resolved critical issues, including login flows for 6,200+ existing website accounts and transitioning payment processors (to Stripe), which also enhanced user experience

HUDDLE FANTASY SPORTS

Product Management Intern (October 2024 - present) (18 week program)

- Bringing a broken MVP to a product that is deliverable to market
- Collecting user insights by designing and distributing surveys and conducting user interviews
- Improving product design by updating features based on user feedback using Figma
- Enhancing product usability from MVP by developing new app features in React Native TS, conducting internal QA testing, and finalizing the product for a full release.

BUBBLE BASH GUILD (benefitting Stanley Stamm Camp at Seattle Children's Hospital)

President (September 2023-present)

- Leading fundraising and marketing initiatives to raise \$65,000 for Seattle Children's Hospital
- Organized successful auction with 140 attendees; expanded mailing list by 50%, and 4x click rate
- Increased male participation in healthcare volunteering—less than 30% are male—by launching a volunteering program in the hospital's playroom
- Created stronger future by improving tech infrastructure and growing team to 5 members
- Recognized with "Excellence in Philanthropy" by UW and Andrew D. Pochter International Award for Philanthropy
- Top 30 grossing guild of Seattle Children's Hospital

PERSONAL PROJECTS

CSEED "COHORT 0" | UW Marketplace | React, Firebase, Chakra UI

- Developed an MVP for a student marketplace and recognized as a top student at the end of the cohort

Shout | Anonymous Reporting App | React, Node.js, Firebase

- Built room-based anonymous reporting app to enhance safety procedures and responsiveness

Meal Maker | Meal Suggestion App | React Native, Node.js, Firebase, OpenAI API

- Created an app using OpenAI's API to generate meal suggestions based on users' dietary restrictions and available ingredients
